Bus departure: Northside, Niles Lowel's & Ridgeview Farm

Guided Tour of ***Frank Lloyd Wright's - "Graycliff"*** located on the bluffs in Derby NY overlooking Lake Erie. This was the summer home of the Darwin Martin family who also had Wright design their Prairie Style home in Buffalo.

Graycliff is one of Wright's most stunning examples of Organic architecture. The site has been under a \$10MM restoration and nearing completion this summer.

Lunch Time! The bun has to be on point, and toasted to golden brown with the flavor of butter. The beef has to be rich and strong, yet submit to the slightest bite, the cheese deep and melted at the right time. The pickles have to bring the acid to the palate, yet be balanced with that slight sweetness. The lettuce and onions are fresh, and offer a contrast in texture. The fries have to be hot

and crispy, with fresh cracked pepper and the right amount of salt. Much can go wrong, but when everything goes right, one may just achieve perfect bliss.

Shopping experience right in the heart of the **Village of Hamburg**. With tons retail shops located in an historic town with a number of other shops nearby.
